As per design drawing, Mrs and Mr Jones' house will have 260m².

The average price for a lot in the same suburb and house similar to this one has been \$3200 per square meter.

The following average cost information is available from a local bank that makes loans to local contractors and disperses progress payments to contractors when specific tasks are verified as complete.

25% Excavation, foundation and framing complete

8% Roof complete

5% Electrical Wiring roughed in

8% Plumbing roughed in

4% Heating installed

18% Windows, insulation, walls, plaster, and doors complete

10% Basement complete

5% Plumbing fixtures installed

9% Exterior paint, light fixtures installed, finish hardware installed

2% Carpet and trim installed

3% Interior decorating

3% Floors laid and finished

Calculate the estimated cost for the Jones' house if they use contractors to complete the entire house.

(Round the final answer to the nearest dollar. Do not include dollar sign \$ or commas)

Marked out of 2.00

As per design drawing, Mrs and Mr Jones' house will have 260m².

The average price for a lot in the same suburb and house similar to this one has been \$3200 per square meter.

Fortunately, Mrs Jones can finish interior decorating while Mr Jones feels he can take care of wood flooring and carpeting.

The following average cost information is available from a local bank that makes loans to local contractors and disperses progress payments to contractors when specific tasks are verified as complete.

25% Excavation, foundation and framing complete

8% Roof complete

5% Electrical Wiring roughed in

8% Plumbing roughed in

4% Heating installed

18% Windows, insulation, walls, plaster, and doors complete

10% Basement complete

5% Plumbing fixtures installed

9% Exterior paint, light fixtures installed, finish hardware installed

2% Carpet and trim installed

3% Interior decorating

3% Floors laid and finished

Calculate the estimated cost for the Jones' house if they use their talents to do some of the work themselves (all carpeting, flooring and interior decoration which includes painting and window treatments).

Expected cost for material:

wooden floors \$15000,

carpet \$5000,

paint and window treatments \$8000.

(Round the final answer to the nearest dollar. Do not include dollar sign \$ or commas)
